

TillTally Elite

Professional Money Counting Scale

Count a drawer full of cash in under a minute!

Say goodbye to long counting sessions and hello to faster closeouts and better accuracy when you use the Cassida Till Tally Elite Counting Scale to count your cash drawers. The TillTally Elite saves you time and frustration by eliminating miscounts, long register closures and employee overtime that often occur with hand counts.

Till Tally Elite saves you valuable time

- **One single machine** counts coins, coin rolls and bills
- **Spot-on counting** — from coins to bills to coin rolls, TillTally Elite counts precisely
- **Accurate accounting** — access a denomination-by-denomination report any time during your count. You can even get a print out for auditing
- **Exclusive FLOAT function** streamlines set-up of start tills
- **Takes 25 bills in a single drop** and up to 400 bills per denomination
- **Compact and portable** — Runs on DC power or batteries, so take it anywhere you need to count
- **Use for instant spot audits**, end of day counts, setting start tills, building bill straps... and more

Till Tally Elite saves you money

Use TillTally Elite to make quick work of register counts and improve your count accuracy. With its rapid count-through, you immediately see shorter register closures and faster clock-outs by employees who previously had to stick around until their drawers were counted slowly by hand. Get TillTally Elite and make your cash drawer counts faster and easier.

**Quickly Count:
Bills, Coin Rolls,
Loose Coins**

Count-by-weight proven technology

The TillTally Elite counts money by weight, a method major retailers have trusted for decades because of its superior accuracy and speed. The TillTally Elite counts an entire denomination at once, rather than piece by piece, assuring dramatically faster counts.
